

The Outsiders Yearbook

Group Assignment

Every member of your group has a sheet of paper with two blank yearbook write-ups. One of the blank write-ups is for a character from the Outsiders, and one of them is for a member of the group. Everybody in your group must do a write-up for a character from the novel and for a member of the group other than themselves. This will require “interviewing” each other to get the information needed to fill in the write-up.

I will be assigning the same mark to every member of the group for this assignment, so make sure you try your best and keep each other on task. As usual, if you have any questions, you know where to find me!

Outsiders Character Write-Up

Your group must do a write-up for Ponyboy Curtis and one for either Johnny or Dally (or both if you prefer). For your remaining write-ups, choose between any of the following characters:

1. Sodapop
2. Darry
3. Two-Bit Matthews
4. Steve Randle
5. Cherry Valance

On the space below, write down all of the page numbers you used to get information for your character:
